

# GOVERNANCE AND FUNDING MODEL

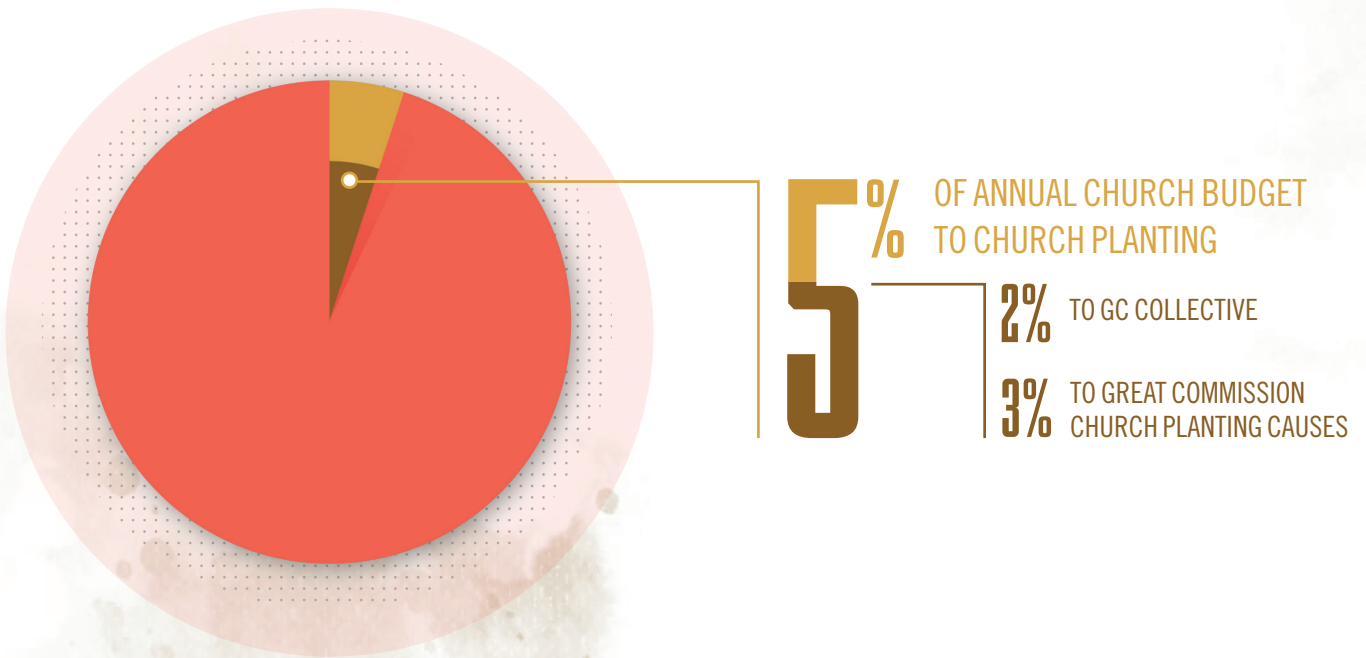

# FUNDING MODEL

Great Commission Collective's ministry endeavors depend on the financial gifts and commitments of its member churches and donors to accomplish its mission.

GC Collective values the responsibility to walk in faith balanced with the need for good stewardship, guarding against presumption upon the Lord or His people.

Financial transparency and accountability are priorities for both GC Collective and each member church.

# GOVERNANCE

A family of churches working together to fulfill Christ's mission in every place.

Governed by an independent Board of Directors - providing oversight, accountability and overall direction.

With regional and international staff to equip churches in planting, strengthening and multiplying GC Collective churches.
